

Laxmi Charitable Trust's
Sheth L.U.J College of Arts & Sir M.V. College of Science and Commerce
Department of Information Technology (B.Sc. I.T Semester V)
Mern Stack
Practical – VI

Roll No.: T018	Name: Sachin Ramesh Mehta
Class: TYIT	Batch: 1
Date of Assignment: 09/09/2026	Date/Time of Submission: 09/09/2026

6.Node.js and Express Fundamentals

a. Install Express and create a simple server.

Code:

server.js:

```
const express = require("express");
const app = express();
const PORT = 3000;
app.listen(PORT, () => {
  console.log(`Server is running on http://localhost:${PORT}`);
});
```

Output:

```
found 0 vulnerabilities
PS C:\Users\sachin\OneDrive\Dokumen\College all subjects\Practical MERN stack\ExpressPractical> node server.js
Server is running on http://localhost:3000
```

b. Display a message on the browser using the server response.

Code:

server.js:

```
const express = require("express");
const app = express();
const PORT = 3000;
app.get("/", (req, res) => {
  res.send("Welcome to Express Server");
});
app.listen(PORT, () => {
  console.log(`Server is running on http://localhost:${PORT}`);
});
```

Output:

c. Create different routes in Express.

Code:

```
const express = require("express");
const app = express();
const PORT = 3000;
// Home Route
app.get("/", (req, res) => {
  res.send(`
<h1>MVLU College Management Server</h1>
<p>Welcome to our college website.</p>
`);
});
// Students Route
app.get("/students", (req, res) => {
  res.send(`
<h1>Student List</h1>
<ul>
<li>Sachin Mehta </li>
<li>Raj Prajapati </li>
<li>Krishna Mishra </li>
<li>Prince Tiwari </li>
</ul>
`);
});
// Faculty Route
app.get("/faculty", (req, res) => {
  res.send(`
<h1>Faculty List</h1>
<ul>
<li>Sneha Gokarnkar - Information Technology</li>
<li>Rohini Bhosale - Information Technology</li>
<li>Sumit Tripathi - Information Technology</li>
<li>Chetana Tanavade - Information Technology</li>
</ul>
`);
});
// Courses Route
app.get("/courses", (req, res) => {
  res.send(`
<h1>Available Courses</h1>
<ul>
<li>B.Sc. Information Technology</li>
<li>B.Sc. Computer Science</li>
<li>B.Sc. Biotechnology</li>
<li>B.A. Multimedia and Mass Communication</li>
</ul>
`);
});
// Contact Route
app.get("/contact", (req, res) => {
```

```

res.send(`
<h1>Contact Us</h1>
<p>Email: info@mvlucollege.in</p>
<p>Phone: 9876543210</p>
<p>Address: Andheri, Mumbai</p>
`);
});
// Start Server
app.listen(PORT, () => {
console.log(`Server is running on http://localhost:${PORT}`);
});

```

Output:

Student List

- Sachin Mehta
- Raj Prajapati
- Krishna Mishra
- Prince Tiwari

Faculty List

- Sneha Gokarnkar - Information Technology
- Rohini Bhosale - Information Technology
- Sumit Tripathi - Information Technology
- Chetana Tanavade - Information Technology

Available Courses

- B.Sc. Information Technology
- B.Sc. Computer Science
- B.Sc. Biotechnology
- B.A. Multimedia and Mass Communication

d. Send a JSON response from the server.

Code:

```

const express = require("express");
const app = express();
const PORT = 3000;
app.get("/", (req, res) => {
res.send("Welcome to MVLU College Management Server"); });
app.get("/students", (req, res) => {
const students = [
{
id: 1,
name: "Sachin Mehta",

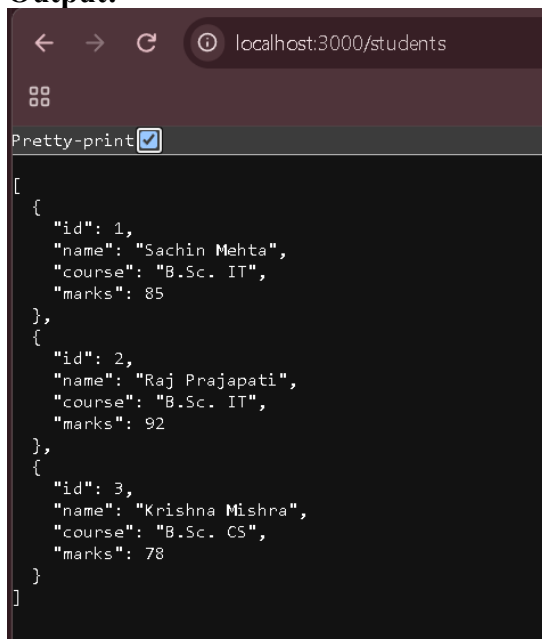

```

```

course: "B.Sc. IT",
marks: 85
},
{
id: 2,
name: "Raj Prajapati",
course: "B.Sc. IT",
marks: 92
},
{
id: 3,
name: "Krishna Mishra",
course: "B.Sc. CS",
marks: 78
}
];
res.json(students);
});
app.listen(PORT, () => {
  console.log(`Server is running on http://localhost:${PORT}`);
});

```

Output:

e. Test routes using browser or Postman.

Code:

server.js:

```

const express = require("express");
const app = express();
const PORT = 3000;
// Home Route
app.get("/", (req, res) => {
  res.send(`

```

```
<h1>MVLU College Management Server</h1>
<p>Welcome to our college website.</p>
`);
});
// Students Route
app.get("/students", (req, res) => {
res.send(`
<h1>Student List</h1>
<ul>
<li>Sachin Mehta </li>
<li>Raj Prajapati </li>
<li>Krishna Mishra </li>
<li>Prince Tiwari </li>
</ul>
`);
});
// Faculty Route
app.get("/faculty", (req, res) => {
res.send(`
<h1>Faculty List</h1>
<ul>
<li>Sneha Gokarnkar - Information Technology</li>
<li>Rohini Bhosale - Information Technology</li>
<li>Sumit Tripathi - Information Technology</li>
<li>Chetana Tanavade - Information Technology</li>
</ul>
`);
});
// Courses Route
app.get("/courses", (req, res) => {
res.send(`
<h1>Available Courses</h1>
<ul>
<li>B.Sc. Information Technology</li>
<li>B.Sc. Computer Science</li>
<li>B.Sc. Biotechnology</li>
<li>B.A. Multimedia and Mass Communication</li>
</ul>
`);
});
// Contact Route
app.get("/contact", (req, res) => {
res.send(`
<h1>Contact Us</h1>
<p>Email: info@mvlucollege.in</p>
<p>Phone: 9876543210</p>
<p>Address: Andheri, Mumbai</p>
`);
});
// Start Server
```

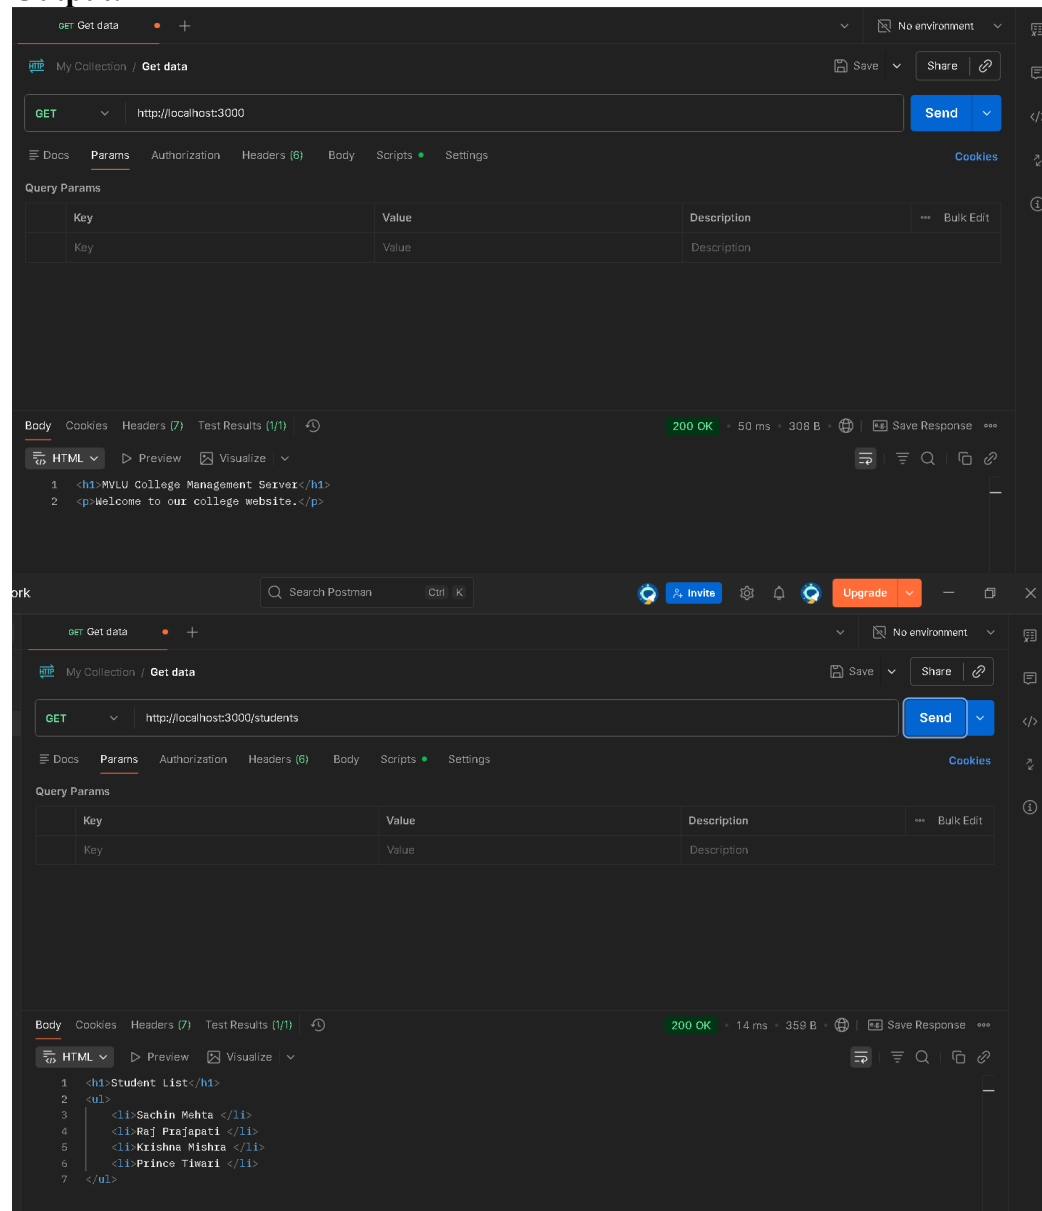

```
app.listen(PORT, () => {  
  console.log(`Server is running on http://localhost:${PORT}`);  
});
```

Postman:

<http://localhost:3000>

<http://localhost:3000/students>

Output:

f. Run the server and observe the output in the console.

```
Restarting 'server.js'  
Server is running on http://localhost:3000  
PS C:\Users\sachin\OneDrive\Documents\College all subjects\Practical MERN stack\ExpressPractical> node --watch server.js  
Server is running on http://localhost:3000  
█
```
